Task 4

Main

| a | b |              |
|---|---|--------------|
| 4 | 7 | methodA(a,b) |

methodA

| m | n | p   | s             |               |
|---|---|-----|---------------|---------------|
| 4 | 7 | -12 | 0             | methodB(p+10) |
|   |   |     | <del>27</del> |               |
|   |   |     | 26            | methodB(p-10) |
|   |   |     |               | Return -22.0; |

methodB

| p            | q            |            |
|--------------|--------------|------------|
| <del>7</del> | <del>8</del> | Return 7;  |
| <del>7</del> | 6            |            |
| -22          |              | Return 27; |
| -21          |              |            |

Output

-12

5

7

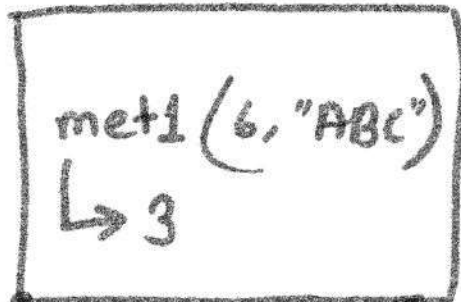

-15

26

-22.0

## Task 5

main

met2

| n | s   | p | met1(6, 5)<br>↳ false<br>Return 3; |
|---|-----|---|------------------------------------|
| 6 | ABC | 5 |                                    |

met1

| n1 | n2 | n  | met3(5) > 6<br>↳ false |
|----|----|----|------------------------|
| 6  | 5  | 11 |                        |

met3

| n  | p |           |
|----|---|-----------|
| 11 | 5 | Return 5; |

Output

Main Method  
  Method2  
    Method 1  
      11  
      Method 3  
       2  
       false  
       3
